

REPORT

Polythene Awareness program

On

13th September 2021

NSS UNIT of Kalinga University has organised a polythene awareness programme at adopted village Paloud on 13 September 2021 under the leadership of NSS program officer **Mrs. Smita Premanand**. The main Moto of the program was to eradicate the use of polythene. The NSS volunteers have taken an initiative to organize a program of polythene free village.

Volunteers visited to medical shops, Grocery shops, parlours and vegetable vendors and encouraged them to stop the use of polythene and make them aware of the harmful effects of polythene as it is non- biodegradable and it can't be disposed for millions of years. Polythene bags were eaten by cattle's and were unable to digest it and die.

NSS programme officer **Mrs. Smita Premanand**, **Dr. Vijayanand** and NSS volunteers Varsha Dhruv, Megha sahu, meenakshi Chandra, Kajol Bhanushali, Ajay Pandey, Rahul Mishra made the program successfully. The program was organized under covid protocol. The moto of the program is "Avoid Polythene Save Earth".

NSS ACTIVITY SWATCH BHARAT ABHIYAAN to ensure “PARTHENIUM – FREE CAMPUS” at KALINGA UNIVERSITY

Nss Activity “Swatch Bharat Abhiyaan” to make parthenium free campus organized by NSS unit of Kalinga University on 18/08/2021 under the guidance by Mrs. Smita Premanand NSS program officer along with NSS volunteers at Kalinga campus and sport’s complex.

Students cleaned the parthenium and that area. The NSS volunteers were very much enthusiastic to participated in this activity of swachh Bharat Abhiyan.

On this occasion, Dean student welfare, Dr. Asha Ambhaikar, NSS program officer Smita Premanand, sport’s teacher Rani Sahu along were present alongwith NSS volunteers, Minakshi chandra, kajol Bhanushali, Arnab Mondal, Rupkatha Mahapatra.

The NSS unit of Kalinga University also taught modern agricultural practices in many village areas. Some of those teachings includes the use of Senna tora, commonly known as

“Chakoda” and marigold in replacing parthenium by spreading their seeds during February-April in the infested areas. Their seeds can also be collected during October-November making it an ideal method to manage the spread of parthenium infestation. This NSS activity was in accordance to make people aware and to send the message of “Swatch bharat Abhiyaan” parthenium- free campus. The overall program was successful.

Webinar Report

National Webinar on “Ozone for Life: 36 Years of Ozone Layer Protection”

16th September, 2021 from 11:00am-12:00pm

World Ozone Day

Green Club of Kalinga University has organised a National Webinar on “Ozone for Life: 36 Years of Ozone Layer Protection” on 16th September, 2021 on the occasion of World Ozone Day.

On December 19, 1994, the United Nations General Assembly proclaimed September 16 the International Day for the Preservation of the Ozone Layer, commemorating the date, in 1987, on which the Montreal Protocol on Substances that Deplete the Ozone Layer was signed.

On September 16, 1987, the United Nations and 45 other countries signed the Montreal Protocol, on substances that deplete the Ozone layer. Every year, this day is celebrated as the International Day for the Preservation of the Ozone layer.

The keynote speakers for the webinar was Dr. K. V. George, Head & Senior Principal Scientist, Air Pollution Control Division, NEERI, Nagpur. The speakers emphasized about the Birth of ozone and its importance and threats. Dr. George, also shared some of the important initiatives taken by the Indian Government for addressing the problem of Ozone depletion. The objective of this webinar was increase awareness among peoples concerning Ozone depletion and threats.

The occasion was marked by the eminent presence of Chairman of the university- Dr. Rajeev Kumar, Chancellor- Dr. Sandeep Arora, Vice-Chancellor- Dr. R. Shridhar, Director General- Dr. Byju John, Registrar- Dr. Sandeep Gandhi, Dean Student Welfare- Dr. Asha Ambhaikar, Dean Academic Affairs-Mr. Rahul Mishra, Dean Sciences Dr. Varaprasad Kolla, HODs, Faculty members and students of various departments and participants from across the country.

The webinar received a good response as more than 112 participants got connected on this platform for the deliberations.

Ms. Nirali Budhbhatti, Coordinator, Green Club was the convenor of the webinar and introduced the esteemed guests and Dr. Manoj Singh (Mentor, Green Club) at the end of the thoughtful and academically enriching webinar, and extended vote of thanks for successful completion of the event.

Department of Mechanical Engineering

Report of Royal Mechanical Club Activity

Title- “Poster making competition”

Date: 13 November 2021, Time 1.00 pm onwards.

Preamble:

The Poster making competition is organized by Royal Mechanical club for awareness of the students as well as maintains their interest in the subject. The poster making is not only for technical areas but also as far as the student can think and expand his thinking power. With poster making, the student can express his ideas thought in his own way and by doing this the student can improve his thinking skills to the best.

Participant’s Profile:

All students of Mechanical and Mining Engineering Department (B. Tech and Diploma Students) and all faculties from Department of Mechanical and Mining Engineering along with Head of Department attended.

No of students = 17 (BTME7 = 2, BTME5 = 4, BTME 3 = 4, DIME 5 = 3, DIME 3 = 2, DIMI 5 = 1, DIMI 3 = 1)

Description about the Program:

Theme for making a poster:-

- Mechatronics
- Power plant
- Nuclear plant
- Hydro plant
- Automobiles
- Environmental
- Current technology
- Material science
- Covid 19
- Importance of Education

From the list of activities given above, it is obvious that posters can have quite a positive effect on the process of learning. The best advantage of poster making is that it facilitates team work and understanding along with facilitating creative thinking and extensive research and reading. It provides students with an opportunity to learn by doing, in turn strengthening the learning. Students are able to visually represent the key points and while presenting elaborate on the same which

facilitates their retention and recall of events and facts. Poster making and presentation is also an effective tool for evaluating the students' knowledge and creates opportunities for active discussion and participation. Be it the traditional posters or technologically advanced computer presentations, poster making and presentations can actively engage students in their learning process.
