Details of Program:

Department of Zoology, Kalinga University in collaboration with Chhattisgarh Environmental Conservation Board (CECB) organized the 1st Phase of “Envirothon: Trash to Treasure” on Mission LiFE program at Kalinga University Campus, Naya Raipur, Chhattisgarh. This was a collaborative effort between Kalinga University and CECB, to address the overarching and challenging global issue of “Waste Management”. The main focus was to allow the young minds to creatively think for solutions which can be used in effectively and efficiently recycling the wastes.

The program was graced by the presence of Dr. R. Shridhar (Vice Chancellor, Kalinga University), Dr. Suresh Chandra (Senior Scientific Officer, CECB), Mr. A. P. Sawant (Public Relations Officer, CECB), Mr. R. R. Singh (Superintendent Engineer, CECB), Ms. Neelima Sonkar (Scientist, CECB), and Dr. Anita Sawant (Senior Scientist, CECB). All the dignitaries put a glance on the problem regarding waste and its management. The event included a session where all the faculties and students took the LiFE mission Pledge and joined for a signature campaign. The LiFE mission pledge was conducted by Mr. A.P. Sawant in which a human chain was formed in the shape of LiFE. The dignitaries emphasized on how we should modify our lifestyles and thoughts to help maintain environmental sustainability. Participants from various universities/institutions of Chhattisgarh participated and shared their ideas/works on various solutions for recycling of waste material. The students were from Zoology, Biotechnology, Forensic science, and Technology backgrounds. The ideas they presented included designing electric vehicles, initiating biogas plants from kitchen garbage, using insects to degrade organic wastes, working on recycling Tetra Packs, recycling of plastics, etc. The students explained their ideas through PowerPoint presentations and working models.

Subject: Regarding one day workshop

Respected Man,

This is to state that Guru Ghasidas Central University wishes to conduct a one day workshop in collaboration with UNICEF or any academic organization in Chhattisgarh. To state further, the Department of Social Work thus proposes to conduct this event at Kalinga University campus. It will create a good branding for the University and might enhance the visibility of the department of social work in and around Chhattisgarh.

The workshop also aims to identify trainers who would be working directly in collaboration with UNICEF. The participants will be Faculty members and students, for whom Registration will be free. The food expenses of Rs. 150 per participant and inaugural expenses will be reimbursed by the (Guru Ghasidas Vishwavidyalaya and the rest expenses i.e., registration kit, print material, travelling and Resource person remuneration will be borne by the Guru Ghasidas Vishwavidyalaya UNICEF collaborative project.

The proposed date is 27th May 2023 (Saturday)

Convenor - Dr. Anketh Deswangan (Assistant Professor, Department of Social Work)

Approved & forwarded to Registrar Sir for kind approval
28/5/23

Forwarded to DAA for consideration and approval as UNICEF is an internationally acclaimed body and in unity with UNICEF will definitely add to the university.

As India being at lead in the presidency of G-20 forum, the world is at view that how the world's youngest democracy could wrestle through the hurdles and endeavor towards proliferating a better world towards sustainable development and growth; "One Earth, One Future, and One Family." On such a plinth as envisaged through, the inevitable challenges

that in the course the country could meet, was the pivotal point of the webinar. The exordium unfolded on a note in drawing the drawbacks of G-20, where

from the economic premises different models were being assessed, whether such are being in compliance in fulfilling the social justice theory or not. Since India at present on a perch of hobnobbing with the trickle-down economic model, where for the richer people the tax exemption is higher than of the middle class and lower middle-class peoples, the question raised that with a vision of wedding the world with “One Earth and One Family and One Future”, how far the country could avoid being in a misnomer. Responding to such the resource person advocated on envisaging the social utilitarian model, where equal distribution of wealth and income be found, and a better avenue for all classes of people in a society could be available. International investments in India could on that approach find difficulties in making the course for the future. The Webinar ended on a note of the future avenues for discussion, where in a broader way the overhaul between economics and law being drawn and be unraveled through.

Program Outcome:

1. Participants gain an insight that international investments in the thriving society how matters, where challenges are many so as the possibilities.
2. Participants reckoned the avenue of challenges that in the arena of international investments stand.
3. Participants acknowledged the model that through which the country with a population boom should function.
